Bulgaria Represents German Interests In Soviet Capital

Role Presupposes Status Of Neutral; Sofia Takes Defense Measures

By LOUIS P. LOCHNER,
Associated Press War Correspondent.

BERLIN, June 24.—Bulgaria, at Germany's request, has agreed to take over representation of German interests in Moscow.

In the opinion of authorized quarters, this presupposes that Bulgaria will stay out of Russian-German conflict and presumably will declare her neutrality.

Finland's place in the scheme of things still remains undefined, so far as German officials charged with informing the foreign press were concerned.

Authorized sources repeated yesterday's phrase that "We do not know exactly" regarding Finland.

Lithuanians listening to a Kaunas broadcast claimed today that the capital was firmly in the hands of Lithuanian insurgents in revolt against Russian rule.

The Germans described as members of a Lithuanian army corps commanded by Gen. Pundzevicius. The corps, which had been taken over by the Soviets at the time Lithuania was annexed, was said to number 18,000 men.

Ordinary Russian government officials were reported to have been arrested in the capital although those in Vilna escaped.

The Lithuanians who said they heard the radio reports insisted they recognized the voices of the speakers known to them personally.

However, under persistent questioning a German spokesman said he had no knowledge of any political upheavals in the Baltic states of Estonia, Latvia and Lithuania annexed last year by Russia.

He declared no German radio in Berlin or elsewhere had the Kaunas broadcast announcements that Lithuania had declared herself "free and independent" and that Nazi paratroopers had landed on Lithuanian soil.

The spokesman said he had no additional information on German-Finnish relations.

A D.N.B. German official news agency, dispatch from Bratislava said Slovakia is at war with Russia.

D.N.B. said President Josef Tiso in an appeal to the Slovak people to join the German army.

He said the country's borders today to unite with German troops in the fight against the Russians.

Bulgaria Takes Measures On Black Sea Coast

SOBIA, Bulgaria, June 24 (AP)—Bulgaria completed defense measures along the Black Sea coast yesterday and it was expected she would issue a statement today on her attitude toward the German-Russian war.

On June 23, meanwhile, indicated their reaction to Germany's action was favorable, charging that Soviet Russia had continually meddled in Bulgarian affairs, though excellent diplomatic relations had existed between the two countries.

A highly placed Bulgarian spokesman said his country was prepared to meet all obligations as a member of the Berlin-Rome-Tokyo alliance.

It was disclosed that the government already had agreed to represent German interests in Moscow.

An unidentified aircraft, meanwhile, was reported to have dropped four bombs Sunday night in Dobrich (Bazargi), in the Bulgarian Province of Dobruja, wounding four persons and doing minor damage.

Woman Slashes Wrists After Traffic Arrest

A 22-year-old woman today was in Gallinger Hospital recovering from slashes on both wrists and elbows, said by police to have been self-inflicted while being held at No. 11 precinct after her arrest last night on a charge of speeding 70 miles per hour.

She was booked by police as Helen Opal Wheeler of the first block of Seventh street S.E. Policeman E. P. Stein arrested her at Barney Circle S.E., after a chase in a scout car down Pennsylvania avenue.

Taken to No. 11 precinct, the woman asked to use the washroom, adjacent to the witness room. It was said. She locked the door and cut both arms at the elbows and both wrists, police said. She was taken to Casualty Hospital for first aid and transferred to Gallinger, where she was reported to be in "fair" condition.

Coroner Continues Probe of Drowning

Coroner A. Magruder MacDonald today continued to investigate the drowning of George J. Baur, 50, of the Capital Hotel whose body was found in the Georgetown Channel at the foot of Twenty-fifth street N.W. yesterday.

The body, noticed by a passerby and recovered by the harbor police, appeared to have been in the water only a few minutes, police reported.

Mr. Baur, an employee of the Chesapeake & Potomac Telephone Co., left the hotel about 5 a.m. yesterday, according to police. He was the son of the late Frank Baur, police detective.

Survivors include his widow, Mrs. Elizabeth C. Baur, and six children, Mrs. George Hele, George Baur, Jr., Frank, John, Robert and James Baur, all of Washington.

Transfer of 7,143 Men Begins at Camp Lee

By the Associated Press.
CAMP LEE, Va., June 24.—The transfer of troops from the quarter-master replacement center at Camp Lee began on a wide scale yesterday, and during the week 7,143 men will entrain for 17 Army camps and 14 air bases.

The largest day for troop movements will be Friday, when 1,740 men will leave for Camp Blanding, Fla.; Camp Stewart, S. C., and air bases at Savannah and Augusta, Ga., and MacDill Field at Orlando, Fla.

Fort Dix, N. J., will receive the largest group, 957 men, who will leave tomorrow.

NEW YORK.—YOUNG ZAMZAM SURVIVORS—These five youngsters, all African-born sons of missionaries and survivors of the Egyptian ship Zamzam, sunk by a raider in the South Atlantic, arrived in New York with their parents yesterday on the Portuguese liner Serpa Pinto. Left to right: Victor Johnson, 9, Minneapolis; Gordon Smith, 17 months, Denver; David Johnson, 4, Minneapolis; Pat Morrison, 4, Nashville, and Carl Norberg, 10, Minneapolis. —A. P. Wirephoto.

Fort Meade Soldier Dies After Train Hits Car Near Beltsville

Two Companions Given First-Aid Treatment; Autos Fell Two Girls

A 20-year-old Fort Meade soldier died in Walter Reed Hospital last night a few hours after the machine in which he was riding was struck by a Baltimore & Ohio Railroad train near Beltsville.

The soldier, Walter A. Cabanis, 116th Infantry, was thrown out of the machine with two companions, Berkeley Green, 20, and Daniel R. Owen, 19, both of the same regiment.

Cabanis suffered a fractured skull and was unconscious when taken to the hospital by the Branchville Rescue Squad. He died at 8:20 p.m., hospital officials said. His two companions were given first aid treatment and released.

Car Dragged 300 Feet.
The locomotive dragged the car for 300 feet before it was able to stop. Prince Georges County police and Dr. James I. Boyd, deputy medical examiner for the county, were investigating.

A 6-year-old colored child, Shirley Todd, 574 M street S.E., suffered skull injuries when struck by an automobile on M street near her home yesterday. She also received a cerebral concussion, physicians reported.

Girl, 15, Is Hurt.
Estelle Smith, 15, of 2108 Franklin street S.E. was in St. Elizabeth's Hospital in a "good" condition with a cut mouth and several broken teeth after being hit by an automobile in the 3300 block of Twentieth street N.E. However, there is a possibility she has a fractured skull, hospital attaches said.

Struck at Wisconsin avenue and Windom place N.W. early today, Albert Moore, 32, of 1429 Euclid street N.W. was taken to Emergency with head injuries, but was reported not in a serious condition.

Greenwich Forest Citizens Change Election Method

Election by secret ballot after nominations have been made on the floor will be the procedure followed hereafter by the Greenwich Forest (Md.) Citizens' Association in selecting its officers, the group decided at a special meeting last night.

By a narrow margin and after lengthy debate, the association voted the amendment submitted by Dr. George P. Clendenin which also shifts the election from November to April.

The change was adopted after a faction expressed displeasure with present election methods. Under the old plan the president named a nominating committee which reported to an open meeting and election was by voice vote. Some members contended the nominating report was always approved because members disliked to vote openly against a neighbor. Others contended the plan permitted a clique to perpetuate itself in office.

Seven thousand silver fox and two thousand blue fox furs were sold at a recent auction in Stockholm.

Census Bureau Offers Hints to Single Girls

By the Associated Press.

The Census Bureau came to the aid of lonely girls today.

In a release saying the statistics should be "interesting reading for single girls in search of adventure, travel—and husbands," the Bureau said:

"In the Panama Canal Zone there are only 5,885 white women to 26,971 white men. The white population of other American territory includes 200 men to 100 women in the American Samoa, 204 women to 531 men in Guam, 38,318 women to 64,473 men in Hawaii, 13,575 women to 25,595 men in Alaska, and 1,675 women to 3,014 men in Puerto Rico.

The board's general counsel, Robert B. Watts, said the company would undertake to comply fully with board decisions already upheld by the United States Circuit Courts of Appeals in two cases. These call for the reinstatement with back pay of 23 men at the Dearborn plant and 2 at the Dallas plant.

In three other cases where decisions have been made, consent decrees of enforcement are to be entered in Circuit Courts of Appeals to reinstate approximately 278 men at the Long Beach, Calif., plant; 143 at Richmond, Calif., and 38 at Buffalo.

The back-pay claims are to be settled by paying the workers 90 per cent of the net amount due them.

The same procedure is to be followed in decisions involving some 975 reinstatements at Kansas City and 95 at St. Louis. In these cases 80 per cent of the computed back pay is to be paid.

The company and the union, Mr. Watts said, would enter into a stipulation for the issuance of a reinstatement order and its enforcement by consent decree in cases involving 26 Ford workers at Edgewater, N. J., and 253 at the Detroit plant. The amount of back pay is to be settled by arbitration.

In six other cases where the union has charged discrimination against 2,148 workers in Detroit, Kansas City, Long Beach and Milwaukee, Mr. Watts said the company and the union had reached an agreement for the withdrawal of the charges and the reinstatement of the workers.

In these instances the back-pay claims also are to be settled by arbitration.

Damascus claims to be the oldest city in the world.

Modernize Your Home by the EBERLY PLAN

Repairing • Renovizing • Modernizing Homes

Veos Tiling Has the Artistry of Ancient Ceramics

That's its beauty. But it also has the permanence of modern steel. That's the economical investment value of VEOS.

Now you can have beautiful tile bathrooms, vestibules, ceilings, and with no annoying inconvenience.

Old-fashioned cracked and dingy tiles are blemishes—that have been tolerated in dread of the mess and muss of replacement. But there's none of that with VEOS, and once installed VEOS is indestructible. Its beautiful colors are treated as in fine china.

In so many of the renovizing and modernizing jobs we are doing now-a-days, VEOS is being indicated in the specifications—creating magical transformations. Drop in at 1108 K Street; or phone District 6557 and an Eberly Plan supervisor will bring you a demonstration of VEOS Tiling.

VEOS becomes No. 43 in The Eberly Plan's Special Services—ALWAYS and ALL—done by Eberly Plan workmen—with ONE moderate overhead—and ONE responsibility—OURS.

The Eberly Financing Plan is a handy means to a desired end.

Nazis Might Defeat Russia in Month, Experts Here Say

Germany Is Seen Facing Disaster, However, If Red Army Holds Out 3 Months

By the Associated Press.

The Nazi war machine must crush the Red army in three months or face disastrous difficulties, according to well-informed opinion here.

A smashing German victory within a month, as predicted in Berlin, was considered entirely conceivable, however.

The whole outcome of the Russo-German fighting hinges, it was said, on Red army strategy—whether the Russian forces follow the Poles' example and remain spread out in an attempt to defend all frontiers, or withdraw intact to interior positions to take advantage of rivers and other natural defenses. Unless a masterly retreat succeeds, the Red army faces the peril of being cut up quickly.

Pincer Drive Likely.
Assuming the Nazi objective to be destruction of the Russian forces as an offensive threat, it is believed the Germans may attempt a gigantic pincer movement from the north and south flanks of the 2,000-mile front, using Russia's great interior rivers to safeguard the flanks of the advance.

At the same time, experts expect a direct upward thrust from the Warsaw front toward Moscow, more than 800 miles distant. After proceeding about half-way to Moscow, these forces might swing north and south to join the attempted envelopment.

Once the heart of Russia between Moscow and the Black Sea was reached, the rest of the vast campaign probably would be merely a mopping up operation.

The time limit of three months was based on climate and weather conditions and the state of Russia's transport system. Fall rains would tend to bog down the whole campaign.

Ukraine Fields Green.
The Nazi high command, it was noted, chose a time when the crops of the Ukraine were green and difficult to destroy by fire. Later in the season, grain fields might be burned by the Russians to prevent the Nazis from gaining any immediate increase in their food supply from that region.

Should the Nazi invasion succeed in a month, it was believed that time might remain for an all-out attempt to conquer England this year.
